

MAIN STREET BANK ONLINE TRUTH-IN-SAVINGS DISCLOSURE

This Main Street Bank Online Truth-In-Savings Disclosure contains information about deposit accounts available only to consumers online at www.BankMainStreet.com. For all other deposit accounts, please consult the Main Street Bank Truth-In-Savings Disclosure available in our branches.

Interest Rates and Annual Percentage Yields (APY) – The interest rates and the annual percentage yield for Certificate of Deposit accounts are subject to the **Fixed Rate Information** section listed below and all other accounts are subject to the **Variable Rate Information** section.

VARIABLE RATE INFORMATION – The interest rate of your account opened online will be determined by the rate in effect when funds are deposited to the account, however the interest rate and annual percentage yield may change.

- Determination of Rate** – At our discretion we may change the interest rate on your account.
- Frequency of Rate Changes** – We may change the interest rate on your account at any time.
- Limitations on Rate Changes** – There are no maximum or minimum interest rate limits.
- Bonus Interest Rate** – Designated accounts earn additional interest if qualifications are met.

FIXED RATE INFORMATION – The interest rate of your certificate of deposit account opened online will be determined by the rate in effect when funds are deposited to the account and remain fixed until maturity.

ADDITIONAL RATE INFORMATION – The APY calculation is based upon a 12 month period. Any certificate of deposits with a maturity of less than a year will cause the annual percentage yield earned to be less based upon the actual term. The interest rate for a tier will be paid only for that portion of your daily balance range that is equal to or greater than the low balance amount but less than or equal to the high balance amount within that tier.

CURRENT RATES – To view current rates, please refer to our [Deposit Current Rates page](#).

COMPOUNDING AND CREDITING – The annual percentage yield calculation assumes interest will remain on deposit. A withdrawal will reduce earnings. If you close your account before interest is credited, you will not receive the accrued interest. Depending upon the type of deposit account you open online, the interest accrual and compounding method may differ. Please see the interest accrual and compounding methods below.

Type of Account	Interest Crediting	Interest Compounding
Advantage Savings Account	Monthly	Daily
Senior Advantage Savings	Monthly	Daily
Hybrid Savings	Monthly	Daily
Interest checking	Monthly	Daily
18/65 Checking	Monthly	Daily
Personal Money Market	Monthly	Daily
Certificates of Deposit	Monthly	Monthly
Kasasa Cash	Monthly	Daily
Kasasa Saver	Monthly	Daily

KASASA ACCOUNTS – Refer to the following Truth in Savings Disclosures for each Kasasa account type:

- [Kasasa Cash Checking](#)
- [Kasasa Cash with Saver](#)
- [Kasasa Cash Saver](#)
- [Kasasa Cash Back Checking](#)
- [Kasasa Cash Back with Saver](#)
- [Kasasa Cash Back Saver](#)

SUMMARY OF FEES AND MINIMUM BALANCE REQUIREMENTS – There may be minimum balance requirements to open the account, obtain the annual percentage yield (APY), receive Benefits for designated accounts, and avoid monthly maintenance fees. Please refer to our [Summary of Fees and Minimums](#).

BALANCE COMPUTATION METHOD – We use the daily balance method to calculate the interest on your account. The method applies a daily periodic rate to the principal balance in your account each day.

ACCRUAL ON NONCASH DEPOSITS – Interest begins to accrue no later than the business day we receive credit for the deposit of non-cash items (for example checks.)

TRANSACTION LIMITATIONS - Withdrawals from a Money Market by check, debit card or similar order to third parties and/or transfers to another account or third parties by preauthorized, automatic, telephone, or computer are limited to six per statement cycle. Any transactions in excess of these limitations will be charged a maintenance fee for excessive transactions. However transfers initiated to make a loan payment at Main Street Bank by teller or ATM are unlimited. Please refer to our [Summary of Fees and Minimums](#).

You may not make deposits into your certificate of deposit account until the maturity date. You can withdraw interest at any time during the term of the certificate of deposit account after it has been credited to your account.

We reserve the right to require at least seven days written notice before any withdrawal or transfer.

MATURITY DATE - The maturity date of your certificate of deposit is based upon its term and the initial date of your deposit. As an example, if you open a 12 month certificate of deposit on January 2nd and your funds are received on January 5th, your maturity date will be one year from January 5th.

EARLY WITHDRAWAL PROVISIONS –

A penalty may be imposed for withdrawals before maturity. Any withdrawals of principal prior to maturity will result in a penalty of half (50%) of the term of the interest. For example: a 12 month CD closed prior to maturity would forfeit 6 months of interest whether earned or unearned.

For withdrawals made within 7 days of account opening or renewal a penalty of at least 6 days simple interest on amount withdrawn will be applied.

RENEWAL POLICIES – Your account will automatically renew at maturity. You will have a grace period of 10 calendar days after the maturity date to withdraw the funds in the account without being charged an early

withdrawal penalty.

If you do not instruct us in writing as to how to handle your account prior to the maturity date, we will renew the account for the same term unless it is one of the terms listed below. The interest rate will reflect that of current rates for the updated term at time of renewal.

All terms will renew into a like term except for the following CDs of listed lengths:

7 month and 10 month CDs will renew for a term of 6 months

15 and 17 month CDs will renew for a term of 12 months

25 month CDs will renew for a term of 24 months
